

Donation Requirements

Esther's Closet is a self-sufficiency program for women to assist them in entering or transitioning back into the workplace. All the clothing provided for our clients is based solely on donations from our community. Esther's Closet's mission of advancing women's lives by providing professional clothing and workforce development skills for career advancement could not be completed without your help. We accept clothing items that are *currently in style or classics* to ensure women are able to utilize the clothing and look their best for their jobs. After obtaining employment, we provide women with professional attire for 7-10 business days.

When donating, please ensure all items are freshly laundered and in good condition with no rips, holes, stains, pet hair, odors, and excessive wear. All clothing should be on hangers. Please refrain from bringing your items in trash bags or boxes. **We do not accept children's clothing, menswear, household goods, or electronics.**

Please be aware that not all items donated may be suitable for our clients. In that event, we will donate the items we cannot utilize to local community resources. If you would like to refrain from your items being donated, please let us know, and we will be sure to go through your items while you are present.

Hours: Tuesday and Thursday from 9 AM - 3 PM
